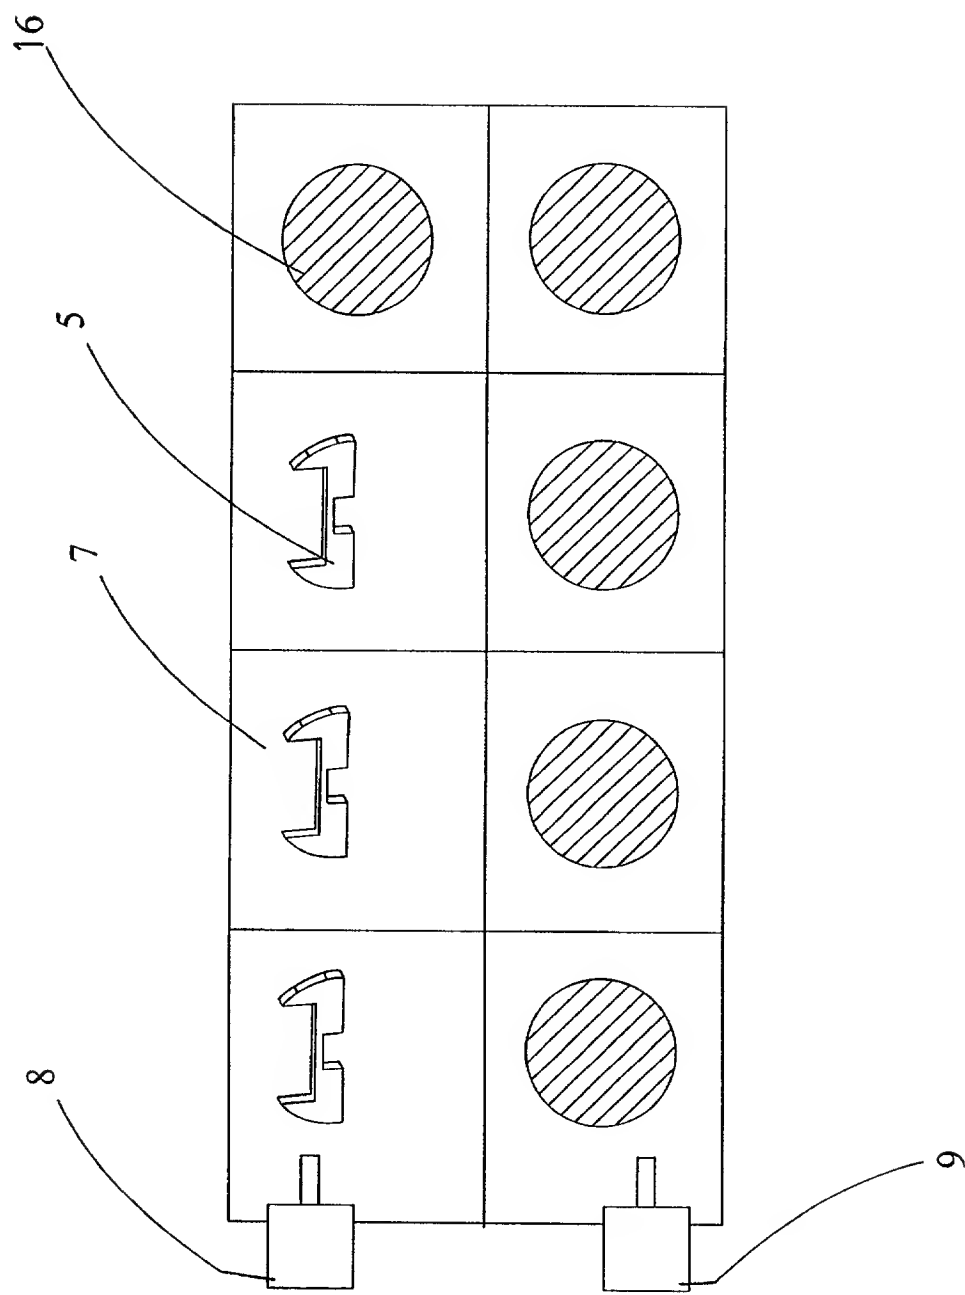

Figure 8

FIG. 9 is a schematic diagram of a device 100 in a closed position. The device 100 includes a housing 10 and a door 5. The door 5 is shown in a closed position, covering the housing 10. The door 5 is hinged to the housing 10 at a hinge 8. The door 5 is also connected to the housing 10 by a latch 9. The latch 9 is shown in a closed position, locking the door 5 to the housing 10. The door 5 is further divided into two sections, each containing a circular opening 5. The circular opening 5 is shown in a closed position, preventing access to the interior of the housing 10.
